Career Objectives:

To utilize my training and related experience to secure a responsible and challenging position in the capacity, where I may contribute to the growth of both a prospective organization and myself.

Summary of My Career Experience

I have a passion for learning and Education. My experience since 2006 has been on investigating and implementing the techniques of learning process on Post Graduate level. My duties have evolved from an instructor to mentor and leader in education and career building. My career path focused on preparing university graduates to be effective and successful citizens of the knowledge age.

In teaching I am a true believer and practitioner of experiential learning where I facilitate learner to create their knowledge through self-discovery.

My teaching and managerial history is saturated with change and shift challenges. The success of my methods is rooted in my belief delivering solutions based on need with proper support.
