

## **National University of Modern Languages**

## Department of Electrical Engineering Alumni Survey

(To be filled by Alumni – Three years after completion of degree)
ON THE OUTCOME BASED EDUCATION (OBE) FOR THE ATTAINMENT OF PROGRAM EDUCATIONAL OBJECTIVES (PEOs)

## Introduction

Signature:

NUML is in the process of gathering responses from its stakeholders for review of program educational objectives (PEOs), which are the statements describing features that should be achieved by graduates after a few years of completion of the study, The faculty believes our graduates should demonstrate the capabilities required from professionals by learning experiences gained during their study in the university.
