National University of Modern Languages
Department of Electrical Engineering
Survey of Graduating Students

ON THE OUTCOME-BASED EDUCATION (OBE) FOR ATTAINMENT OF PROGRAM LEARNING OUTCOME (PLOS)

(TO BE FILLED BY THE GRADUATING STUDENT)

This feedback is intended to ascertain students' perceptions of the department's teaching-learning process. These processes are used to develop a variety of characteristics namely Program Learning Outcomes (PLOs), necessary for our graduates to succeed during engineering practice. Your feedback is used to help the department improve its teaching-learning processes and its resources.

A: Graduate Details

Name of Student:_____Session: _____

	PLO Mapping	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
1.Your attained level of fundamental knowledge in your core engineering domain.	PLO-1	1	2	3	4	5
2. Your gained proficiency in analytical skills required for the solution of diverse engineering problems.	PLO-2	1	2	3	4	5
3. Your competency to apply core engineering knowledge for the design and development of complex engineering problems.	PLO-3	1	2	3	4	5
4. Your capability to methodically research, experiment, and interpret results for the solution of complex engineering problems.	PLO-4	1	2	3	4	5
5. Your acquired proficiency in utilizing diverse software and hardware tools required in engineering practice.	PLO-5	1	2	3	4	5
6. Your comprehension of socio-economic issues and corresponding engineering solutions.	PLO-6	1	2	3	4	5
7. Your appreciation of environmental issues and required sustainability of your engineering solutions.	PLO-7	1	2	3	4	5
8. Your understanding and adherence to ethical engineering practices required in your profession.	PLO-8	1	2	3	4	5
9. Your level of confidence to work independently as well as part of a team.	PLO-9	1	2	3	4	5
10. Your proficiency in effective writing and oral communication skills.	PLO-10	1	2	3	4	5
11. Your understanding of efficient resource and time management for timely completion of project milestones.	PLO-11	1	2	3	4	5
12. Your thrive to learn and attain new skills sets.	PLO-12	1	2	3	4	5
