INTERNATIONAL CONFERENCE ON CPEC

ASC-(CHINA)NUML

The conference aims to examine the economic, political, geopolitical, and social aspects of CPEC, encompassing a wide variety of topics of interest and importance to the two countries. The purpose of this conference was to discuss various aspects of this economic partnership specifically highlighting key points like the benefits to Balochistan and the various challenges and opportunities the corridor offers. The conference was joined by Dr. Zhang Wei, Vice president Confucius Institute, Numl, Islamabad, Dr, Mustafeez Alvi Former Dean, Faculty of Social Sciences, Dr Waseem Ishaque, Director Area Study Centre China, Dr Imran Ashraf, Assistant Professor National Defense University, Islamabad .

DR. WASEEM ISHAQUE

Director Area study Centre has expressed his thoughtful ideas on CPEC as he said that Peaceful development of China is for the better service to humanity and inclusive development of the world through win-win cooperation. The vision of a harmonious world stalks from the ancient Chinese culture and symbolizes the Chinese desire and practice of "advocating peace", "acting in good faith, cultivating friendship with neighbors", and "living in harmony with all others far and near". National rejuvenation and Peaceful development are at the core of policy planning which is summarized in the comprehensive concept of Chinese Dream.

DR.MUSTAFEEZ ALVI

Dr Mustafeez Alvi expressed his appreciation for the conference a said conferences always laid the foundations for sharing knowledge.. He claimed that our peoples' relationship existed for a very long time before formal diplomatic ties were established. Ancient Chinese and Pakistani populations built magnificent civilizations that were uniquely their own.

MID-AUTUMN FESTIVAL

Chinese mid-Autumn Festival (Moon Festival or Mooncake Festival) is a traditional festival celebrated in Chinese culture. It was organized by Area Study Center (China) to understand the Chinese culture of thanksgiving for the harvest and to encourage the harvest-giving light to return again in the coming year. Students of ASC have participated in various performances demonstrating Chinese culture and traditions.

Mid-Autumn Festival, or Mid-autumn Day, is the second grandest festival in China after the Chinese New Year. It is named so for that it is celebrated on the 15th day of the 8th lunar month, which is always in the middle of the autumn season in China. The day is also known as the Moon Festival, as at that time of the year the moon is believed to be at its fullest and brightest and Chinese always worship the moon and appreciate the full moon on that day.
